

Honeywell ScanPal EDA61K Enterprise Mobile Computer

The Honeywell ScanPal EDA61K is a rugged, keyed mobile computer designed to automate and error-proof workflows in internal or external warehouses, distribution centers, and retail back-stock areas. Its long-lasting 7,000 mAh battery for 2–3 shifts of operation, lightweight ergonomic design, and scan capability from a few centimeters up to 15 meters ensure uninterrupted material flow even during peak season.

PHYSICAL CHARACTERISTICS

Display	4-inch multi-touch capacitive
Keypad Options	34-key numeric or 47-key alpha-numeric
Camera	13.0-megapixel autofocus with LED flash
Battery	Li-Ion, 3.6 V, 7,000 mAh
Battery Life	Up to 25 hours / 2–3 shifts

PERFORMANCE CHARACTERISTICS

Scan Engine	1D/2D barcode scanning
Scan Range	A few centimeters to 15 meters

STANDARD INTERFACE

WLAN	802.11 a/b/g/n/ac
Bluetooth	4.2
NFC	ISO 14443 Type A and B
WWAN	4G LTE

ENVIRONMENTAL

IP Rating	IP65
Operating Temperature	-20 °C to +50 °C (-4 °F to +122 °F)
Drop Specification	Multiple 1.5 m (5 ft.) drops to concrete

USER ENVIRONMENT

Operating System	Android 9 (upgradable to Android 10)
Processor	Qualcomm SDM450 1.8 GHz octa-core
RAM	3 GB
Flash	32 GB

FEATURE HIGHLIGHTS

- Long-lasting 7,000 mAh battery for up to 25 hours of operation
- Rugged design survives multiple 1.5-meter drops to concrete
- Choice of 34-key numeric or 47-key alpha-numeric keypads
- Scan range from a few centimeters to 15 meters
- IP65 sealing for protection against dust and water
