

Epozy UHF RFID Fabric Tag

Sewable UHF RFID fabric tag in 50×35 mm format with Impinj Monza R6 IC. Designed for textile and garment inventory tracking, anti-counterfeiting and supply chain management with sew-in installation.

RFID SPECIFICATION

Protocol	EPC C1G2 (ISO18000-6C)
Integrated Circuit	Impinj Monza R6
Operating Frequency	902–928 MHz (FCC) / 865–868 MHz (ETSI)
EPC Memory	96 bit
Read Range	3.0–6.0 m

PHYSICAL SPECIFICATION

Dimensions	50 × 35 mm
Material	Fabric
Installation	Sewing
Customization	Company logo, barcode, number printing & encoding

ENVIRONMENTAL RESISTANCE

Operating Temperature	-20°C to +120°C
Humidity	98% non-condensing
Data Storage	> 10 years

FEATURE HIGHLIGHTS

- Impinj Monza R6 – EPC C1G2 (ISO18000-6C), 860–960 MHz
- Read range 3.0–6.0 m (FCC/ETSI) – data storage > 10 years
- Sewable fabric – 50×35 mm, custom logo/barcode printing
